Thank you for your interest in
Capital Power's climate action
initiative – we appreciate your
help to spread the word in
your community!

We're inviting applications for funding for climate action projects that support sustainable initiatives in the communities where Capital Power operates its power generation facilities. For 2024, \$300,000 in funding is available through the fund with a maximum grant per project of \$20,000.

Applications are due by **May 31, 2024**.

For more info or to apply, community members can visit: www.capitalpower.com/CSF.

Help us spread the word!

We've prepared a poster and images for social media and your website, as well as some key messages to help you get the word out to your community.

Download the poster and images at www.capitalpower.com/CSF!

Apply now for a grant up to \$20,000

We're proud to support the communities where we live and work to help you achieve your climate action goals. Our **Community Sustainability Fund (CSF)** supports grassroots projects that benefit our communities. Submit your application online by **May 31, 2024**.

We're serious about sustainability and excited to support your community dreams. **Let's collaborate on a project that matters to YOU!**

Eligible projects must:

- Be located in our operational or office communities
- Benefit and be accessible to the whole community
- Submit an online application
- Submit a detailed budget

**Individual or personal initiatives (i.e., solar panels on your house) are not applicable for this grant.*

Eligible projects include:

- Renewable energy installations
- Energy efficiency
- Emission reductions
- Sustainable food programs and farmer's markets
- Community gardens
- Nature conservation
- Tree planting
- Water conservation
- Renewables or emissions reduction education
- Recycling programs
- EV charging stations
